Washington State Crop Improvement Association, Inc., is a non-profit organization working with Washington State University, Washington State Department of Agriculture and Washington seed growers and conditioners to develop, produce and distribute certified seed in order to improve crop yields in the state of Washington. WSCIA was incorporated in 1953. It is governed by a Board of Directors and an Executive Committee. Directors are elected by their county crop improvement associations.

The Association has an active membership of over 500 members. Anyone (person or organization) interested in quality seed in general is encouraged to become a member of the Association. Membership in the Association provides the member information relative to the seed industry such as new developments, technical information, and sources and availability of seed, etcetera.

Washington State Crop Improvement Association, Inc. is funded by fees for services rendered and Foundation Seed sales.
