## APPLICANT SOURCES OF 2011 CROP FOUNDATION, REGISTERED AND CERTIFIED CLASSES

**REMINDER:** These are only sources of seed for which certification has been requested. Seed is certified only after it: (1) Has been field inspected and meets field standards, (2) Has been laboratory tested and meets seed standards, and (3) Has been properly labeled. Field inspected only seed, is not certified seed. A few purchasers have been misled into purchasing so-called "Certified Seed" that is not properly labeled for certification nor eligible for certification.
