NEWSLETTER

January 2013

Applicant Sources of 2012 Crop Foundation, Registered and Certified Classes of Small Grain Seed for Spring 2013 Planting

REMINDER: These are only sources of seed for which certification has been requested. Seed is certified only after it: (1) Has been field inspected and meets field standards, (2) Has been laboratory tested and meets seed standards, and (3) Has been properly labeled. Field inspected only seed, is not certified seed. A few purchasers have been misled into purchasing so-called "Certified Seed" that is not properly labeled for certification nor eligible for certification.
