BECOME A MEMBER TODAY!

Whether you are a farmer who is actively engaged in producing certified seed, a regular purchaser of certified seed who wants to show support for the blue tag, or are otherwise interested in the seed industry, we invite you to become a member of the Washington State Crop Improvement Association.

Through mailings, electronic publications, and our website, members are provided information relative to the seed industry such as new varietal developments, technical information, seed sources, and seed availability. Membership also provides the opportunity to get together with other members of the seed industry at annual state and county crop improvement association meetings to identify and discuss topics of interest common to all. Please be reminded that membership is not required to certify seed.

Whether your membership has lapsed, or you are brand new to the Association, we would greatly appreciate your membership for 2020.
