****2024 CROP IS UNLIKELY TO BE AVAILABLE BEFORE SEPTEMBER 15. WE CANNOT GUARANTEE WE CAN MEET YOUR PLANTING DEADLINE.**

In order to comply with state and federal seed labeling laws and provide you with the seed of the highest quality for your research, no seed will be shipped without the necessary analysis. During the fall season, germination testing can be backlogged by 3 to 4 weeks. Submitting your request early ensures that germination testing is done well in advance so seed is available to you at your desired planting time.
